The 2010 House League Academies will be run by **ASC's** Technical Director Mr. Lou Nagy. In a short time with the **ASC** Lou has successfully organized and overseen a summer academy that drew over 90 children from Ancaster's house league program from the U8-U12 age groups on which many are trying out for the clubs Rep and Select programs for the 2010 season. With Lou's unprecedented resume along with his representation for Canada over 30 times at many different levels from, the World Cup to CONCACAF and the Pan American Games our program is in great hands.
