**Focus: Physical Literacy**  
**Activity Name: Follow the leader**

### Introduction

Each child partners with his/her parent and finds space inside the playing area not too close to other pairs. As well as being purposeful each exercise described should be treated as fun/inventive and is performed alternately by the child and parent together. Jogging forward - child follows parent - parent weaves around the area. As coach shouts change they quickly switch roles:

### Variations

**Focus - Ball Literacy**  
**Name of Game: Making friends with the ball**

### Organization

Players partner with their parents and find space in the area. Game starts with parents rolling the ball back and forth with the children. Parent and children take turns tossing and catching the ball back and forth to one another. Parents then hold the ball out (quite low to start) and drop it letting the child control it with the bottom of the foot. Have the child shout "Ole!" when successful in controlling the ball. Parents can play a pass 5-6 yards away and have child run and get the ball and bring it back. Parent send with legs shoulder width apart and child kicks the ball between their legs - child then dives on the ball on the other side. Repeat with child retrieving the ball with feet. Switch role to have child play a pass and parent retrieving the ball. Have parents set up a small net with cones and have them act as a passive goalkeeper with child taking shots on them to score.

### Alternatives

On coaches command 1 player from each group collects a ball (nut) from the middle. Player dribbles ball back to their triangle (tree) - next player can go when the ball is stopped in the triangle. When the coach stops the game, the team with the most balls (nuts) in their triangle wins the game.

Parent and children take turns tossing and catching the ball back and forth to one another. Parents then hold the ball out (quite low to start) and drop it letting the child control it with the bottom of the foot. Have the child shout "Ole!" when successful in controlling the ball. Parents can play a pass 5-6 yards away and have child run and get the ball and bring it back. Parent send with legs shoulder width apart and child kicks the ball between their legs - child then dives on the ball on the other side. Repeat with child retrieving the ball with feet. Switch role to have child play a pass and parent retrieving the ball. Have parents set up a small net with cones and have them act as a passive goalkeeper with child taking shots on them to score.

Ask players to keep track of how many times they lost possession.
